CHILD SAFETY

Our Roller Shades are designed with child safety as a priority. To reduce the risk of strangulation our fabrication methods incorporate features to comply with the current ANSI cord safety standard.

CARE AND CLEANING

- Shade fabrics are specially treated to repel dust and dirt.
- Dusting: Regular dusting maintains a like-new appearance.
- Vacuuming: For deeper cleaning, vacuum gently with a furniture brush attachment of any vacuum cleaner.
- Spot-Cleaning: Spot-clean shades with soft cloth or sponge moistened with lukewarm water. Add mild detergent if needed. Blot gently and dry shade in fully lowered position.
