# FIND YOUR STYLE

— THE VISION BLIND COLLECTION —

Our popular, contemporary window shade that looks as striking from the inside and outside of your home. Offering the perfect range of fabrics and colors to help you to create your statement look.

**FIRENZE**

WALNUT

## STYLE TIP

Organic tones and textures  
-Firenze Walnut adds warmth and softness to modern lines.

VIALE  
LINEN

Vision blinds are an innovative window furnishing that feature two layers of translucent and opaque horizontal striped fabric that combine to create a striking modern feel.

The back fabric moves independently of the front layer allowing the stripes to glide past each other creating an open and closed effect. This allows you to control the levels of light and privacy to suit your needs.

Natural and sumptuous tonal textures, subtle metallic shimmers and blackout fabric options make these blinds perfect for any room in the home.

A wow blind needs stunning fabric and our Vision collection offers just that.

Albero Silver

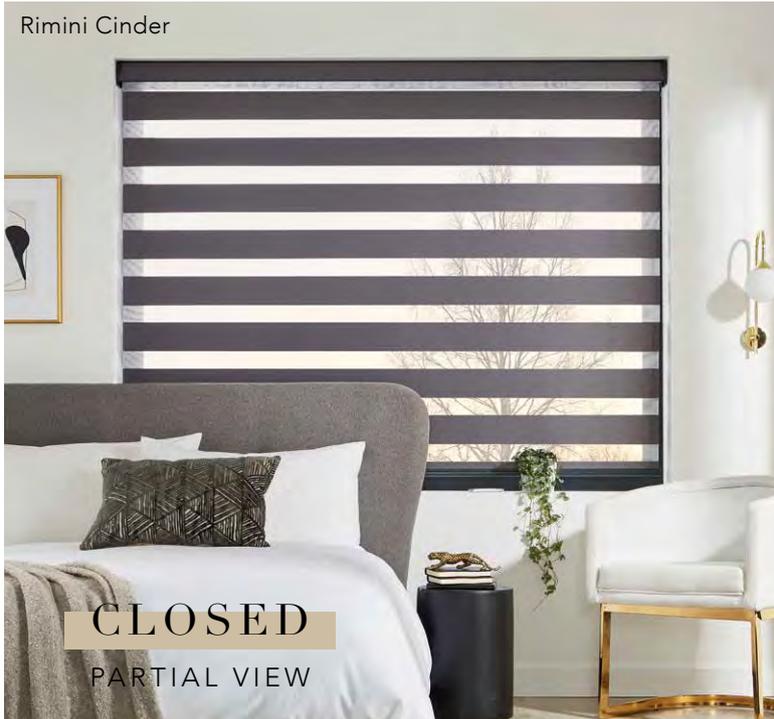

\*Blockout fabric does not create a fully blackout blind, there will be lightstrike at the edge of the blind.

# VISION BLINDS

— ULTIMATE CURB APPEAL —

Vision blinds combine the ideal balance of privacy and light control with the fashionable, eye-catching trend of bold stripes and colour blocking.

Rimini Cinder

LINOSO  
LUNA

Argento Grey

Easy to operate, a single control is used to slide the opaque and translucent woven stripes past each other. The same operation is used to raise or lower the window blind to any height in the window with ease.

The front layer moves independently of the back allowing the stripes to glide between each other creating an open and closed effect, with limitless light control.

Sliding the fabric into a closed 'opaque-opaque' position allows full privacy and an impressive block of beautiful fabric at your window, while the 'translucent-opaque' position creates a stunning striped statement.

With Visions Shades you will enjoy the very best in quality and a stunning design.

# MODERNISE

— WITH MOTORIZATION —

Operate your shades using a remote control, wall switch or by voice activation while in your home, or remotely with your smart devices.

Control options allow you to operate each shade individually, as a group, or whole room control. Your ability to set timers and daily schedules adds a layer of security and protection by making your home look occupied even when you're not there.

Sometimes the little things are the big things and motorization makes life more convenient, safe, and enjoyable.
